Eaton's Certified Contractor Network (ECCN) is a group of elite electrical contractors who offer and install the best residential electrical products on the market today.

No one knows more about power than Eaton. They've been manufacturing quality Cutler-Hammer products for more than 100 years for industry, the electrical utilities and residential applications. So they know exactly what you need to keep your home safe, and your power up-and-running.

Don't wait for the next electrical emergency. Your Eaton Certified Contractor will ensure that your residence is in its best overall electrical shape. For more information, or to schedule an appointment, please contact your Eaton Certified Contractor.
